

Tudor Shelter

This shelter was designed with the larger schools in mind. At 4m x 8m standard size, this shelter offers 32sqm of outdoor covered space and has huge potential for waiting shelters, sheltered play, outdoor teaching etc. This shelter has the benefit of 180mm laminated uprights for even greater strength and physical appeal. The laminated timber is much less likely to split than single timber columns increasing your long term confidence in this product.

There are options for T&G boarding to one or more walls to provide shelter from the wind. Benching can be installed to facilitate use as an outdoor classroom, or even an additional performance area.

Prices*

Shelter Installed*	£8,950
Internal Decking	£775
Cedar Shingles	£1,150
Benching	£380
FSC/PEFC supplied by arrangement

- ◆ Installation in 2 days

The Tudor Shelter can be built to a size to suit your requirements and its design is ideal for use as a sheltered entrance or walkway between buildings

Building for the Next Generation

5m Octagonal

This is the most popular design from the Cabinco range of Outdoor Classrooms and Shelters, and we are confident it offers the best value on the market. It both looks attractive, is robust, and comes with a 10 year guarantee. It has sufficient seating for 28–35 children on its seven benches and can be installed onto tarmac or grass. Upright columns are laminated to prevent splitting, and all timbers pressure impregnated to prevent rot. Standard roofing is either waterproof timber panel finish (not shown) or Katepal Bitumen Shingle roofing with a selection of colours. Options to upgrade to Sedum or Cedar Shingle roofing or add heavy duty decking.

Prices*

5m Octagonal Gazebo	£4,875
Internal Decking	£ 775
Cedar Shingle Roof	£1,130
Sedum Roofing	£1,300
T&G panelling to sides	£ 295
Ramps from	£ 270
FSC/PEFC available by arrangement	

Specification as follows:

- ◆ 5m Diameter
- ◆ 8 Vertical Slatted Sides
- ◆ 7 Fitted Benches
- ◆ Heavy duty Bitumen Shingle Roofing *with manufacturers 15 year guarantee*
Or Timber Panelling
- ◆ Pressure impregnated timbers
- ◆ 115mm Laminated Columns
- ◆ Pencil Rounded Edges
- ◆ Planed timbers to minimise splintering
- ◆ Galvanised Screws/Bolts
- ◆ Fully installed onto level ground
- ◆ Installation onto grass/tarmac/concrete
- ◆ 10 Year guarantee on all wood parts
- ◆ Installation in 1–2 days

Travel Plan Grants.

Check with your local council to see if grants are still available for implementing travel plans for your school. Up to £10,000 has been made available to Secondary Schools and up to £5,000 for primary schools.

These shelters are ideal for waiting parents or a meeting point for walking buses.

Building for the Next Generation

Square Shelter

This was designed in consideration of all those schools with very limited space. The 4m x 4m square will fit nicely into a spare corner & make the best use of any available room. This is our lowest priced shelter, but it still retains all the high quality features of the others - making your budget go further.

Installation onto grass or tarmac and ramps by arrangement.

Specification as follows:

- ◆ 4m x 4m
- ◆ 3 Vertical Slatted Sides
- ◆ Heavy duty Bitumen Shingle Roofing
with manufacturers 15 year guarantee
- ◆ Pressure impregnated timbers
- ◆ 115mm Laminated Columns
- ◆ Pencil Rounded Edges
- ◆ Planed timbers to minimise splintering
- ◆ Galvanised Screws/Bolts
- ◆ Fully installed onto level ground
- ◆ Installation onto grass/tarmac/concrete
- ◆ 10 Year guarantee on all wood parts
- ◆ Installation in 1-2 days

Prices*

Shelter Installed	£4,450

Cedar Roof	£ 950

FSC/PEFC supplied by arrangement.

Discounts for self-installation.

All weather removable panels

Designed specifically for Cabinco shelters, this range of covers can be rolled up or removed completely for security. When in use they offer a high level of weather protection and with the easi-fix clips and hook-on—hook-off design make use quick and easy. There is no need to re-schedule the lesson, just enjoy the shelter, properly protected from the wind and rain.

Premium Panels (available in 32 colours)

Single Panel cost	£160
4 Panel Pack	£550
7 panel pack	£850

Manufactured from 950gsm polyester woven fabric lacquered in upvc for both durability and weather proofing.

Economy Panels (5 colours)

Single Panel cost	£120
4 panel pack	£400
7 panel pack	£600

Manufactured from 650gsm tarpaulin grade pvc

Funding Idea. Ask us to print a colour logo free of charge and seal them onto each panel. This gives you the chance to get local sponsors to pay for the covers and provides them with a long term presence at your school. Call for details.
