Site Conditions

- ▶ Cabinco shelters are designed to be installed on a flat, level surface. Our working tolerance is +/- 20mm. If the installation team need to carry out additional levelling to achieve this, such work will be charged at £60 per hour plus the cost of any additional plant and/or equipment which may be required. Should carrying out such work entail the team having to stay overnight, accommodation and incidentals will be charged to you.
- ▶ We would advise against installing your shelter on bare soil, whilst the posts will be supported on concrete slabs either dug in to the hardcore or grass and will incorporate a DPC. The deck is designed to fit in between ie not suspended. Whilst the timber is pressure impregnated if adequate ventilation or drainage is not achieved it will shorten the life of the timber and may not achieve the 10 year service life hence we would not accept any liability for problems this may incur
- ▶ Ideally, your shelter should be installed on a base of well compacted hard core, incorporating a Teram (or similar) weed barrier, and levelled in accordance with our tolerances above
- ▶ A full list is issued with your order confirmation

Tel: 01600 719218 Email info@cabinco.co.uk www.cabinco.co.uk

Building Regulations

Building regulations will not normally be required for your new Gazebo or Shelter provided that:

- It is under 30sqm in size
- It is under 4m in height
- It is more than a metre away from any boundary

If in doubt – always phone your local office for confirmation

Planning Permission

Planning Permission will not normally be required for your new Gazebo or Shelter however the rules are more variable than with Building Control. If in doubt, always phone your local office for confirmation, especially if putting near to a boundary or if your premises are in a protected area.

Tel: 01600 719218 Email info@cabinco.co.uk www.cabinco.co.uk

Site Visits

To try to help you keep the costs down, we do not offer routine site visits prior to installation as this increases the costs for all. What we really need to know is that the [site conditions](#) are met and this can normally be checked by a caretaker or PTA member. If the site is good – then the advertised price is all you pay. Absolutely no hidden extras.

If you are not sure, then please ring 01600 719218 to discuss or email info@cabinco.co.uk and we will do our best to help.
